

Easter Monday Walk by Poppy Wilson

‘When we went on the walk we had a great time. We went to a secret garden with lots of pretty and colourful flowers in grassy flower beds.

Then we found a telescope, when we looked through it we could see St. Paul’s cathedral. We had lunch surrounded by shades of yellow daffodils.

We walked 6 whole miles and maybe a bit more. We had 18 people and when we have the next walk we are hoping for more people to come along!’

Join us on another It’s a Social event soon.
